Detailed Action

Response to Amendment

Claim 16 is pending. This action is in response to the remarks received March 21, 2006.

Response to Arguments

The rejection of claim 16 under the nonstatutory double patenting as being unpatentable over claim 1 of U.S. Patent No. 6,397,197 is maintained.

Applicant's terminal disclaimer filed March 21, 2006 have been fully considered but they are not approved because the attorney is not of record.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
